

Freddy Superminor

Leading the way in coolant recycling 

The Freddy Superminor is designed to be easy to manoeuvre, featuring a tilt and lift design so that it is effortless to empty and is the only Freddy with interchangeable drums to prevent cross contamination between fluids.

The Freddy Superminor is designed to vacuum out coolant from machine tool sumps, machine beds, drip trays, conveyors and even the shop floor with the dedicated floor tool and recycle it for re-use.

- The most widely used and well-established coolant vacuum range in the world
- Recycles coolant and extends coolant life
- Enhances coolant performance and production quality
- Significantly reduces coolant usage
- Improves and extends tool life
- Extensively cuts waste disposal costs
- Removes contaminants that cause bacterial growth
- Removes contaminants that cause micro-abrasions which can lead to dermatitis
- Complete with 24 months warranty

Specification

- 100 litres tank capacity
- Finished in oil and acid resistant powder coated paint
- 37 litres perforated steel basket
- Comes complete with full set of tools and hoses
- Filters available from 1 - 1,000µm

Freddy Superminor Models

Capacity: 100 litres | Length: 1350mm | Width: 690mm | Height: 1250mm

Power unit	# of phases	Weight (empty)	Weight (full)	Airflow	Water flow in *	Water flow out
2kW 240v	1	100	200	2800	240	100
2kW 110v	1	100	200	2800	240	100
3kW 240v	1	110	210	2900	300	140
3kW 110v	1	110	210	2900	300	140
3kW 415v	3	110	210	2900	300	140

Weight in kilograms (kg) * Water flow tested using a 51mm hose at the same level as the fluid being vacuumed.
If the machine is higher than the fluid, flow rates will be slower than the quoted values.

Optional Freddy Service agreement

All of our Freddy coolant vacuums come with a 24 month warranty and optional 12 month service agreement, which includes:

- Two service visits per year - inclusive of labour and travel
- Priority on call outs
- Reduced breakdown call out charge
